

# TRAINING AND PLACEMENT MANAGEMENT SYSTEM

Problem Statement: Centralized Portal for Students, Coordinators, and Recruiters

## UNIFIED PLATFORM

- Seamlessly manage and streamline all training and placement activities.
- Access relevant information, communication, and updates easily.

## STUDENT PROFILE MANAGEMENT

- Create and manage detailed profiles with resumes, CVs, and certifications.
- Tag interests and strengths for enhanced searchability.
- Connect with LinkedIn and other apps. (links)

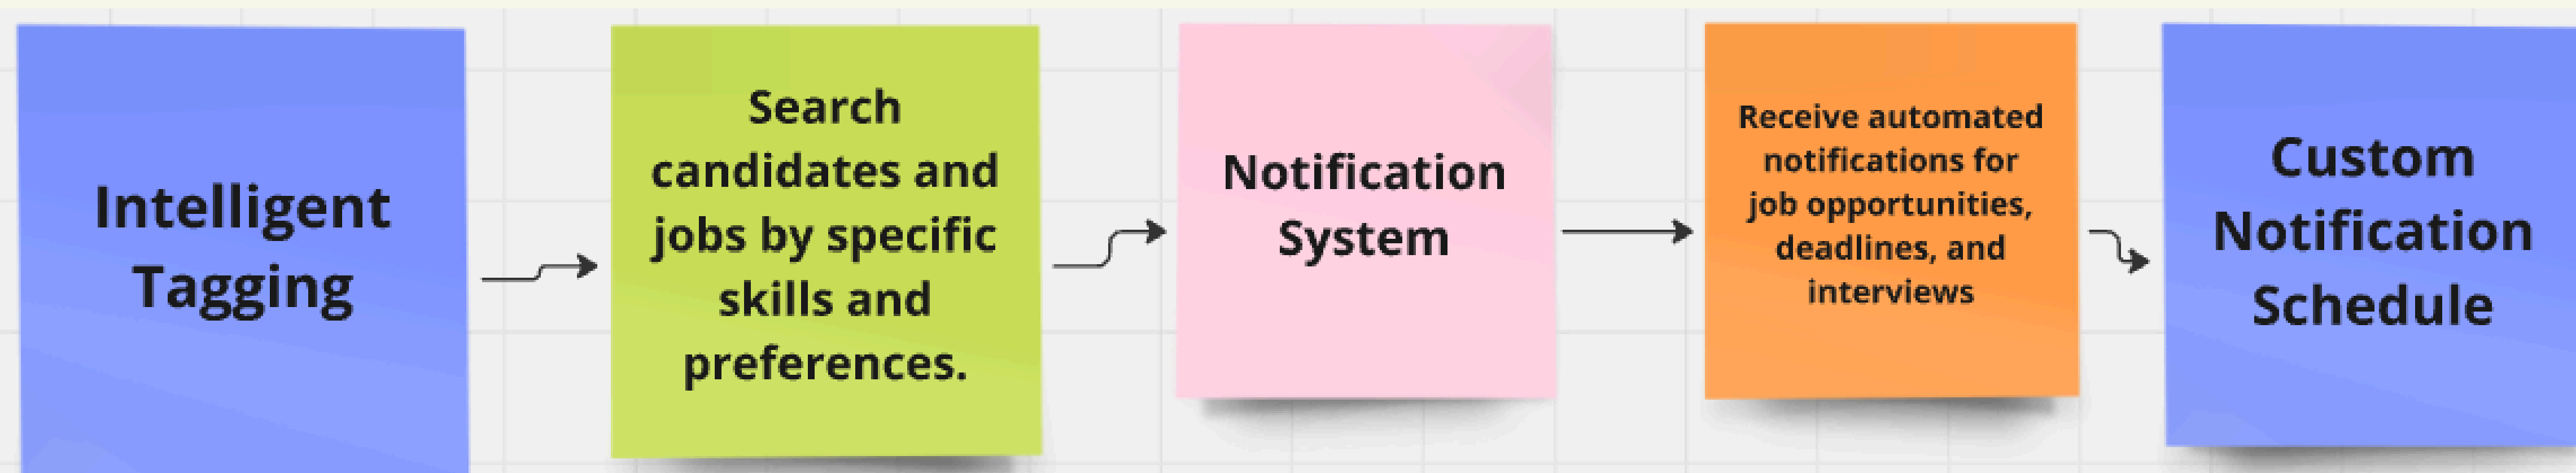

## RECRUITMENT DASHBOARD

- View real-time information on recruiting companies and schedules.
- Track placement status, interviews, and internships

## TRAINING AND PLACEMENT COORDINATOR MODULE

- Manage placements, track progress, and communicate effectively.
- Access analytics and reports to improve placement outcomes.

## FEATURES

## Student

Practice Tests & Skill Assessments

Academic & Extra curricular Tracking

AI-Driven Resume Building

## PAIN POINTS

- No centralized portal
- Scattered Information
- Inadequate Preparation Tools
- Fragmented Event Management

## Calendar

Details and Schedule

Upcoming events notifications

Automated reminders and notifications to stay organized.

## ADVANTAGES

- Centralized Management
- Enhanced Student Experience
- Time and Resource Efficiency
- Improved Communication

## FUTURE SCOPE

- AI-Enhanced Recruitment Matching
- Alumni Networking and Mentorship
- Blockchain for Credential Verification
- Real-Time Job Market Analysis

## SECURITY & PRIVACY FEATURES

- Robust security with encryption, access control, and secure authentication.
- Compliance with data protection regulations.

Empowering Students. Streamlining Processes. Enhancing Opportunities
